

Debate topics

1. **Cancel Culture** – A societal response where individuals or groups are ostracized for actions or statements, raising concerns over justice versus mob mentality.
2. **Gender Roles in Education** – The traditional expectations assigned to genders can limit opportunities and reinforce inequality in learning environments.
3. **Embryo Modification** -- The ability to genetically alter embryos sparks ethical debates over “designer babies” and the limits of science.
4. **AI in Warfare** – Using artificial intelligence in military operations brings efficiency but raises moral questions about autonomy and accountability.
5. **Freedom of Speech vs Harmful Ideologies** – Balancing free expression with the need to curb speech that promotes hate, violence, or misinformation.
6. **Law as Organized Coercion** – Some argue that laws often serve to maintain power structures rather than justice, functioning through controlled force.
7. **Individual Growth vs Country's Growth** – A debate on whether personal success should be prioritized or sacrificed for national development
